## Recommended Usage

Palais is recommended for interior floors and walls and exterior walls in both commercial and residential environments. If offset pattern is required on tiles 18 inches or longer, Crossville recommends an offset of not greater than 33%. See [crossvilleinc.com](http://crossvilleinc.com) for detailed installation instructions.

## Care & Maintenance

Regular cleaning is the best way to keep Palais tile looking good for years to come. Use clean, hot water (combined with a household cleaner for more aggressive cleaning). Rinse thoroughly and dry with a soft cloth to prevent water spots. No waxes or sealers are needed. More information regarding the care and maintenance of Crossville products is available at [crossvilleinc.com](http://crossvilleinc.com).
