## Crossville, Inc.

PO Box 1168  
Crossville, TN  
38557

**Phone** 931.484.2110  
**Fax** 931.456.2956  
**E-Mail** [Crossc@CrossvilleInc.com](mailto:Crossc@CrossvilleInc.com)  
**Web** [CrossvilleInc.com](http://CrossvilleInc.com)

### Recommended Use

Relax is recommended for interior floors, walls, countertops, and exterior walls in both residential and commercial applications. Relax is not recommended for exterior horizontal surfaces or exterior paving. **If offset pattern is required for tiles 15 inches or longer, Crossville® recommends an offset of not greater than 33%.** See [CrossvilleInc.com](http://CrossvilleInc.com) for detailed installation instructions.

### Wet Area Use Mosaics

The Relax 2 x 2 mosaic is made in an unpolished finish (UP). The AcuTest<sup>sm</sup> wet Dynamic COF of Relax is  $\geq 0.42$ . Their small sizes ensure frequent grout joints which provides traction and drainage. Crossville cannot control situations involving incorrect installation, improper slope to the drain for elimination of standing water and poor surface cleaning.

This information is provided so that customers may make a realistic and informed decision when comparing Relax to other tile products in wet area environments, such as residential/commercial bathrooms, showers, and interior pool decks.

### Care and Maintenance

Regular cleaning is the best way to keep Relax tile looking good for years to come. Use clean, hot water (combined with a household cleaner for more aggressive cleaning). Rinse thoroughly and dry with a soft cloth. No waxes are needed. More information regarding the care and maintenance of Crossville® products is available at [CrossvilleInc.com](http://CrossvilleInc.com).
